

SCHOOL AND COMMUNITY BOOTHS

2022

School and Community Booths are located in the rear east end of the B-2 Commercial Building. (This is the large building everyone is routed through after the ticket booths.) These booths are set aside for 4-H, FFA and other school related clubs in our service area. The community and community club booths are open to non-profit groups that provide information and service to their communities. There are (15) fifteen booths available along the walls in the School and Community Exhibit area.

Each booth has a 4' X 8' center back wall with two attached 2' X 8' walls at 45 degree angles outward on each side of the 4' X 8' back wall. There is approximately 7' 5" across the front when open. The exhibit cannot protrude out beyond the outside of the 45' angle 2' X 8' walls. These exhibits must be suitable for family viewing. There cannot be any live animal or persons in the booth. No selling or soliciting is allow in these booths.

The Inside Agriculture-School and Community Committee reserves the right to reject from judging, any exhibit deemed to be reused from last year and especially those identical to last year's entry.

Prizes range from \$50 to \$500 according to the judges review. If your school, club, or community organization is interested please download the attached application on the second page. Applications are accepted on a first come basis. Participants last year are given preference for a booth.

Listed below is the information on other 4-H and FFA Fair participation opportunities. Click on the site to learn more
